Quality Dependability

F established as a family business in 1988, Artisan Display specializes in high quality fixtures, interiors, and historical restorations for a multitude of industries, including health care, education, hospitality, and government.

Over the years our company has gained acclaim for custom and quality construction methods and outstanding service. This recognition coupled with our dedication to our employees, customers, community and country has allowed us to become one of the mid-Atlantic region's most trusted millwork sources.

We interact with stainless steel, metal, acrylic, stone, fabric and many other related materials to produce diverse products at competitive prices. All of our display cases carry the UL inspection seal for wired cases.

PAWA Philadelphia Architectural
Woodworkers Association

“Artisan Display, Inc. constructed the cabinetry and panel systems for our state-of-the-art medical facility. Their care, craftsmanship, and quality are unparalleled.”

ur expertise in casework, cabinets, doors, millwork, panel systems, moldings and installation can be seen throughout the region. Examples of our work include Christiana Health Systems (above),

Emeril’s Italian Table at the Sands Casino in Bethlehem (below), and the ALMAC Group headquarters (top left). To view a showcase of our work, including Xfinity Live Spectrum Grill, the Manhattan Sheraton, Brandywine Country Club and the Princeton Firestone Library, please visit our website at www.ArtisanDisplayInc.com.
